

NICHOLAS HARRAS

(201) 317-2212 • nickharras1@gmail.com • github.com/harras

EDUCATION

Rutgers University

B.S. in Computer Science

New Brunswick, NJ

August 2018

- **Related Coursework:** Linear Optimization, Computer Security, Databases, Internet Technology, Systems Programming, Algorithms, Principles of Programming Languages, Intro to A.I., Computer Architecture, Discrete Structures I/II, Linear Algebra, Calculus I/II, Data Structures

EXPERIENCE

SEMGeeks

Web Development Intern

Belmar, NJ

September - December 2017

- Worked closely with web developers and designers to help create websites for small businesses
- Utilized **WordPress** and **HTML/CSS** in a professional setting
- Researched malicious **PHP** scripts that had stolen client information using steganography

PROJECTS

Neutral Network Colorizer

Python program that attempts to colorized black and white images with a neural network

- Outlined a more realistic goal for the program to achieve and accordingly trained the network on a more specific data set.

Probabilistic Search Program

Python program that searches a matrix for a specific cell, despite incurring a cost for orthogonal movement and a ranging likelihood of false-negatives for each cell

- Created a “confidence matrix” by applying Bayes’ Theorem to the false-negative rate of any visited cell
- Decreased average search time by replacing a priority queue based search optimization algorithm with a “cost-benefit matrix,” informed by the confidence matrix and the cost to search any given cell

Cache Simulator

C program that efficiently parses pseudo-memory text files, utilizing bit indexing, locality algorithms, and masking techniques

CAMPUS ACTIVITIES

Undergraduate Student Alliance of Computer Scientists

Mentor/Member

Piscataway, NJ

September 2016 - June 2018

- Taught a group of four CS students the basics of **Bash**, **Git**, as well as data structures and other CS concepts
- Offered guidance to CS students with respect to clubs to join, topics to explore, textbooks to read, etc.
- Assisted computer science first-years with their coursework

HackRU

Volunteer

Piscataway, NJ

May 2017

- Assisted hackers throughout the event with technical issues, specifically regarding **Python** and **Java**

SKILLS

- **Programming Languages:** Proficient in Python, C, and Java; Familiar with C++, JavaScript, and Lisp (Scheme)
- **Technology and Software:** Git, MySQL, JSP, AWS (RDS and EC2), WordPress, HTML/CSS, \LaTeX
